PREFACE

Vidya Gunturkar - Joshi
Founder NMFPL

Dear Readers, stakeholders, supporters, team NMFPL and well wishers, Welcome to the 34th NMFPL newsletter.

As a mother of three and someone deeply immersed in the health food sector, my journey with Nutrimillets has been a fulfilling one. Over the years, I've witnessed firsthand the transformative power of wholesome nutrition on one's well-being, especially for women who juggle multiple roles and responsibilities every day.

Driven by a passion for holistic health and a commitment to offering natural solutions, Nutrimillets has now embarked on an exciting new initiative. We are stepping into the realm of Ayurvedic formulations, guided by seasoned consultants and experts from the fields of Ayurveda and nutrition. This move is not just a business decision; it's a heartfelt response to the growing demand for wellness products that cater specifically to women's health.

At Nutrimillets, we believe that every woman deserves access to natural, high-quality products that support her journey towards holistic well-being. With our new range of Ayurvedic formulations, we aim to be a trusted companion in this journey, offering products that are as nurturing as they are effective.

We understand the unique needs of women—whether it's managing stress, supporting hormonal balance, or enhancing overall vitality.

Join us as we embark on this new chapter, where tradition meets innovation to create a healthier, happier future for women everywhere. Together, let's nourish, empower, and thrive.

I will keep you posted on this. Please do write us to share the feedback on the newsletter on nutrimillets.foodspl@gmail.com.

Best Regards
Vidya Gunturkar-Joshi
